PROJECTS

KPI Experiment & Business Analytics

- Designed a KPI-focused business analytics exercise involving experiment design and interpretation of business outcomes.
- Applied business problem-framing and KPI-based analysis to evaluate performance and support data-driven decision-making.

Business Performance Dashboard — Tableau

- Developed a business dashboard analyzing Profit Margin, Cost, Average Order Value, Return Rate and Shipping Delay.
- Presented business performance metrics and trends through interactive data visualization and dashboarding.

Data Cleaning & Quality Analysis

- Analyzed data quality in a business dataset and identified duplicate records to improve data reliability.
- Created data-quality and duplicate flags to support cleaner downstream analysis.

ACHIEVEMENTS & EXTRA-CURRICULAR ACTIVITIES

- State-Level Silver Medalist — Karate, SGFI Games
- 1st Dan Black Belt — Karate
- Table Tennis & Chess — Recreational Activities
